50% Geek ● 50% Crazy ● 100% Designer

PERSONAL STATEMENT

Working as a designer has taught me that no matter what you work on, each project is different and unique in its own way.The clients, the audience and the design combine to create a relationship between the user and the brand.

In addition to graphic design, I've always held the unofficial title of "Tech Geek".I cracked world's toughest engineering entrance exam ie; IIT-JEE.Currently studying Materials Science Engineering at IIT Roorkee.In parallel to it I am as a designer for different groups at my college with International Links till U.S.A.
